New York City rentals by number of bedroom and bathrooms

As the number of bedrooms and bathrooms within a unit increases, rent also increases.

Conclusion

1. Maine is the most expensive state to rent, costing around 79% of the median gross adjusted income
2. Wyoming is the least expensive state to rent, costing around 13% of the median gross adjusted income
3. In NYC, an additional bathroom in a 2 bedroom/3 bedroom apartment will cost an extra \$400/\$450 per month
